OASIS Certificate and Competency Board

The OASIS Certificate and Competency Board (OCCB) is a non-profit organization dedicated to promoting greater reliability in OASIS data, through consistent application of guidelines provided by the Centers for Medicare & Medicaid Services (CMS). Part of efforts to achieve that goal is a **voluntary certificate examination** which home care providers may take in order to demonstrate and establish their expertise and commitment to OASIS data accuracy.

Candidates who successfully complete the examination are awarded the Certificate for OASIS Specialist – Clinical (COS-C) designation.

Call the OCCB at (337) 560-9676 or visit www.oasiscertificate.org to learn more or to register for the COS-C examination.

Blueprint for OASIS Accuracy 2006

A "Must" For Every Data Collector!

This **highly interactive** workshop replaces didactic classroom education with **exciting and entertaining coaching geared toward the adult learner.**

Group and individual activities, facilitated by two experienced workshop presenters, allow **hands-on application of strategies presented.**

Learn practical skills and strategies to allow you to locate the information you need to answer your day-to-day OASIS data collection questions – **now, and in the future!**

All information presented in this series is **supported by core OASIS reference documents** from the Centers for Medicare & Medicaid Services (CMS).

COME with a desire to learn ... and **LEAVE** with the knowledge and **tools** to help boost your confidence and improve your **foundation** of data precision.

Workshop Facilitators:

Linda Krulish, PT, MHS, COS-C Linda is a physical therapist with 17 years of home health experience and is a nationally recognized expert on OASIS. She has served as a consultant to CMS and its contractors to assist in the development of OASIS, OBQI and PPS-related projects and training materials. She is President of **OASIS ANSWERS, Inc.** in Redmond, WA, and is the President and a founding member of the **OASIS Certificate & Competency Board (OCCB).**

Debbie Chisholm, RN, BSN, CPHQ, COS-C Debbie is a registered nurse with over 27 years of experience in critical care, home health, hospice and quality improvement. She served as the Home Health Manager at the Delmarva Foundation for Medical Care where she was involved in the national implementation of OBQI. She was trained in OASIS by individuals at the Center for Health Services Research, at the University of Colorado and worked as an OASIS trainer for the CMS Data Accuracy Verification (DAVE) Project. Debbie is a Senior Associate Consultant with **OASIS ANSWERS, Inc.**
